

# Walk-in COVID 19 vaccination Vaccination sites all over Munich

**Free of charge – no appointment necessary – counselling included  
For all German residents over 16 years of age**

## **Which vaccines are being used?**

All available vaccines

## **What do I need to bring to get vaccinated?**

Valid identification document

Vaccination passport (if you have one)

## **Are second doses also available?**

Yes. The minimum waiting period since the first dose must be kept:

- BioNTech 3 weeks
- Moderna 4 weeks
- AstraZeneca mixed doses (first dose using AstraZeneca – second dose using BioNTech or Moderna) 4 weeks
- Vaccination with the Johnson & Johnson vaccine requires a single dose only
- You must bring proof of your first vaccination dose (yellow vaccination passport or vaccination certificate) when you come to receive your second dose

## **How do I register for vaccination?**

For smooth processing at vaccination sites, it is helpful if you register on [impfzentren.bayern](https://impfzentren.bayern) ahead of time. However, you can also register directly at the vaccination site.

After you have been vaccinated, you will receive a vaccination certificate with a QR-code for the digital vaccination passport.

## **Where are the vaccinations carried out?**

You can find all locations and opening hours at [muenchen.de/corona](https://muenchen.de/corona)

## **Further information about vaccination in many languages is available at**
